

Course on Interferometric Point Target Analysis (IPTA)

Principles and processing approach

9 – 25 October 2023 (7 sessions, online training)

In **Persistent Scatterer Interferometry (PSI)** and **SBAS** the temporal and spatial characteristics of interferometric signatures collected from point targets are exploited to accurately map surface deformation histories, terrain heights, and relative atmospheric path delays. Our course addresses theoretical aspects of Persistent Scatterers Interferometry as well as practical approaches supported by GAMMA's **Interferometric Point Target Analysis (IPTA)** Software module.

The course covers the following aspects

- Principles of Persistent Scatterer Interferometry (PSI) and Short Baseline Interferometry (SBAS)
- Step by step discussion of PSI and SBAS processes with IPTA (point identification, phase unwrapping, atmospheric phase model, etc.) for selected cases.

The course includes theoretical parts (presentations) as well as practical parts (hands-on) with the participants conducting the actual processing steps.

This course is suited to participants who

- are interested in PSI and would like to gain an insight on the IPTA processing approach
- are familiar to IPTA but require more in depth knowledge of IPTA processing capabilities

The course will be held online by GAMMA personnel. Course language is English.

Schedule (all times are CET daylight saving time, i.e., UTC+2)

Mon, 9 Oct	13:00 – 16:00	Introduction to PSI and SBAS
Tue, 10 Oct	13:00 – 16:00	First part of single reference stack PSI processing
Wed, 11 Oct	13:00 – 16:00	Second part of single reference stack PSI processing
Tue, 17 Oct	13:00 – 16:00	First part of multi reference stack PSI processing
Wed, 18 Oct	13:00 – 16:00	Second part of multi reference stack PSI processing
Tue, 24 Oct	13:00 – 16:00	First part of SBAS processing
Wed, 25 Oct	13:00 – 16:00	Second part of SBAS processing

Course fees

Regular: 3600 Swiss Francs (CHF)

Students: 2400 Swiss Francs (CHF)

Registration is required as number of participants is limited. Please use the application form.

Contact

For more information please contact

Dr. Maurizio Santoro, E-mail: santoro@gamma-rs.ch, Tel: +41-(0)31-9517005 / Fax: +41- (0)31-9517008.

Application form

Course on Interferometric Point Target Analysis (IPTA) *Principles and processing approach*

9 – 25 October 2023 (7 sessions, online training)

To register, please fill in the application form and send it back per email to santoro@gamma-rs.ch or per fax to +41 – (0)31 – 951 70 08.

Upon reception of the application form, an invoice will be sent.

If you have any request or comment please report it in the comments box below.
